LIT6 Mk2

The LIT6 Mk2 is a compact yet powerful waterproof LED bar, ideal for filling event spaces with ambient light without the need for cables. It also serves as an excellent tool for film lighting applications. The fixture features six high-quality RGBW LEDs and a built-in 99Wh lithium battery, ensuring long-lasting performance. Each LED is individually controllable, offering a full color gamut and precise digital control. The 20° beam angle provides a clean, focused wash of light. The LIT6 Mk2 supports both CRMX and W-DMX control protocols, enabling seamless wireless communication.
